This year marks the **5th Annual Mental Health/Suicide Awareness 5K Color Run**. After such an incredible turnout last year, we are reaching out to invite businesses in the Humboldt community to consider becoming a supporter of this meaningful event. Your support helps us continue important conversations around mental health, reduce stigma, and create a more welcoming environment for individuals and families seeking help.

It is estimated that 1 in 5 adults and teens in the United States experience a mental health challenge, along with 1 in 6 children. Barriers such as limited access to resources, stigma, and affordability can make it difficult for individuals to seek the care and support they need.

By participating in and supporting our Color Run, you are helping to break down these barriers. Your support plays a vital role in fostering understanding, expanding awareness, and helping us grow and bring additional services and resources to our community.
