

Thank you for your commitment to

**ALWAYS**

providing exceptional care

*Cathy Stalzer &  
Whitney Andersen*

“I want to extend my heartfelt appreciation to the Humboldt County Memorial Hospital Infusion Center Girls, Cathy and Whitney, who consistently demonstrate exceptional kindness and compassion. Their unwavering commitment to excellence truly inspires me.

When I shared with them my challenges with my insurance company, who approved four of my infusions at eighteen thousand dollars each (over \$72,000 total!), yet refused to cover them.

This team sprang into action! Without hesitation, they gathered all relevant documents, including approval records from my insurance provider, and presented them to me, enabling me to fight my case.

This act was a testament to their remarkable dedication to patient care. It's essential that we acknowledge and celebrate the outstanding work of our local hospital, where compassion and empathy thrive, making a profound difference in the lives of their patients. I am forever grateful.”

**Congratulations Cathy &  
Whitney on being a Humboldt  
County Memorial Hospital  
Healthcare Hero!**
