

Thank you for your commitment to
ALWAYS
providing exceptional care

Vicki Nilles

The Healthcare heroes Award is a way for patients, family members, or co-workers to say thank you and recognize an HCMH employee for their service and care they provide. Vicki Nilles received the following nomination:

"Vicki is very special to myself and our family. She has been with us through several family members. She is always very cheerful, and goes out of her way to assist us. She does not every complain, no matter what the request.

She is the most deserving of any award given for excellent caregiving!

**Congratulations Vicki on being a
Humboldt County Memorial Hospital
Healthcare Hero!**
