

Thank you for your commitment to
ALWAYS
providing exceptional care

Anthony Zigrang

“Anytime Anthony comes to the floor whether it is to draw a patient’s labs or to check on an order, if there is a call light going off he always jumps in to help and serve our patients.

This day was busier than some. I saw that the hospice call light was going off and went to the room. Anthony not only went to check on what the patient needed but was assisting the CNA in giving patient care. When nurse asked if he would like her to switch him out, he said he was okay and happy to continue helping.

Later that day he came back to the floor. When at the nurses station, a nurse had asked the CNA to assist in 41. Anthony was standing nearby and asked if we needed him to help as well.

I truly believe he should be recognized for the care he gives. He goes out of his way to give excellent care by helping patients and helping staff around him.”

**Congratulations Anthony on being
a Humboldt County Memorial
Hospital Healthcare Hero!**
