

# About

The Humboldt County Hospice Foundation Living Legacy Tree Program offers an opportunity to honor loved ones, living and passed, by donating trees to be planted in Humboldt County's parks.

**Trees serve as a long-lasting, living remembrance that will benefit the community for many years to come!**

- Memorialize a loved one in a meaningful way
- Honor the accomplishments of an individual or group
- Commemorate a birthday, anniversary or special event

Trees, usually 6-10 feet tall, will be planted in the fall to ensure the best chance of survival. Trees are unsigned, but after planting, you may locate your tree using the tree a location we will send you. The exact tree location will be chosen by park employees, but you may request a park location and preferred tree variety..
