

Our Community

At Springvale Assisted Living, we offer a supportive environment for our Tenants who are 55 years of age or older. Tenants at Springvale Assisted Living can expect a lifestyle rich with individuality, privacy, dignity, choice, and care. Generally, our Tenants need some assistance, but remain as active and independent as possible.

Assisted living is for older adults who value their independence, but need some assistance with daily activities such as bathing, dressing, medication reminders and transportation. Seniors may live in their own suites or with a companion and are relieved of household chores such as laundry, cooking, and cleaning.

Our residents have convenient access to Physical Therapy, Occupational Therapy, Laboratory, Outpatient Services and the Emergency Room without having to go outside.
